

HONDA SPARE PART CATALOGUES

In case you could not find out for sure the parts, which you need for Honda motors, maybe this piece of instruction will become helpful?

To find out the exact spare part number for an industrial Honda engine, please open this page:

<<http://www.honda-engines-eu.com/en/welcome.html>>

Go to SPARE PARTS under the SERVICES label
Spare Parts information:

Consult the Honda Engines Electronic Parts Catalogue to find the Spare Parts for your Honda engine.

THEN CLICK: Click here ...

There you will be asked the motor model and type:

SELECT MODEL: GXV530U
and
SELECT TYPE: DXA2

The spare parts list for the engine in question is open for study.

Best regards: TUOMO
